Office Order No:- 65/2019

The Board in its 45th meeting held on 06.06.2019, has approved the following modifications in the Recruitment and Promotion Policy for non-teaching positions at the Institute as per following;

1. At all positions, wherever applicable, the requisite essential experience for the external candidates are explicitly defined with regard to the status of the position and the salary drawn (as given in the attached table).
2. In the Junior Management level (at JM-1), the existing three sub levels (JM-1 Gr-I, Gr-II, and Gr-III) are differentiated based on essential experience.
3. In the Middle Management level, for consideration for promotion of an individual from MM-1 level to MM-2 level, the essential experience for an internal candidate is reduced from 8 (eight) years to 5 (five) years.
4. In the Senior Management level, for the consideration of promotion of an individual from SM-1 level to SM-2 level, the essential experience for an internal candidate is reduced from 8 (eight) years to 3 (three) years. Being a position of Senior Management level, the promotion process for such internal candidates will be through a Standing Selection Committee (the structure of which will be same as that of the Selection Committee and will be constituted on the approval of the Director). An official serving at SM-1 level, who is declined promotion through this process, can only seek promotion after 2 years.

The other details of the Recruitment and Promotion Policy for non-teaching positions remain unaltered.

This is issued with the approval of the Competent Authority

Encl. As above
