Investment Policy of the Institute

Given the canons of liquidity, safety, and higher yield, the following policy stands approved. The policy is based on the monthly funds requirement, which is the average monthly budgeted expenses (revenue and capital) for the year:

Flexi Savings Bank A/c (Up to 03 months): The liquidity/expenditure requirement up to three months' may be kept equally in the Flexi Savings Bank account of the Institute's two official bankers (HDFC and the UBI) and withdrawn as per regular requirements.

Fixed Deposits (Up to 03 Years): The funds equivalent to one year's requirement may be invested in the Fixed Deposits of the 10 top banks (SBI, ICICI, HDFC, Axis, PNB, Kotak Mahindra, Bank of Baroda, Canara, Union Bank of India, and IndusInd Bank) quoting the highest rate of interest as per the existing limit of Rs.30 crore with a Public Sector Bank and Rs.10 crore with a Private Sector Bank. The tenure of the investment may be up to three years and odd days, depending upon the highest rate of interest for a tenure.

- It should be ensured that Institute's FD portfolio is not limited to a few banks, and the FDs are distributed among multiple shortlisted banks,
- At any point, it must be ensured that directions for investing funds with a Public Sector Bank with a limit of Rs.30 crore and Rs.10 crore with a Private Sector Bank, separately for the Institute and Projects, is strictly followed.
- Where the upper investment limit has been exhausted, however, the rate of interest offered is the highest; the set limits may be relaxed with the approval of the Director on a case-to-case basis on the recommendation of the CoF, subject to a maximum of 10% of the allowed limit, i.e., Rs.3 crore and Rs.1 crore for the Public and Private Sector banks respectively.

Long Term (more than 03 years): The amount may be invested in the fixed deposits of the Banks as per the policy above.

3. Reporting

Every quarter, the Finance Committee of the Institute must be informed about the investments of the Institute. The Report inter-alia should contain:

- Type of security in which funds have been invested, separately for Institute and the Projects,
- Names of the institutions in which funds have been invested,
- Amount invested in each security/institution and maturity value,
- Dates of investment and maturity,
- Deposit period,

- Rate of Interest (RoI),

4. Physical Verification

Every quarter, the original copies of the securities must be physically verified by the respective Managers (A/cs and IRD) and report submitted to the CoF for onward submission to the Director. The Internal auditors must also physically verify and report in their quarterly report.

At the end of the Financial Year, as is being followed, a Committee of three other than F&A Division managers may physically verify the securities and submit a Report for onward submission to the Auditors.
