1. All Faculty Members
2. Dear IRD office
3. Dean of Faculty Affairs office
4. Director's Office for information

Entrepreneurship Leave policy for faculty members at IIITD

1. All terms and conditions along with the associated processes as defined for the Long leave (EoL) shall remain applicable for the Entrepreneurship leave. Any deviation as defined here shall be additional with overriding effect, in case of deviation, to the already defined part of the policy of the Long leave (EoL).

Minimum qualifying service requirement:

The minimum qualifying service requirement to avail an Entrepreneurship leave of one year duration shall be 5 years regular service at the Institute and in its multiple (i.e. 2 years for a 10 years regular service at the Institute), however, in special circumstances and based on the proposal, it can be extended for another year. Such an extension/extensions is/are to be granted as exceptions with recorded reasons.

Tenure of leave:

The maximum duration per instance for which the Entrepreneurship leave can be availed shall be two years and there can only be two instances in the entire service with the applicable service length requirement. The duration of the Entrepreneurship leave can be considered for three years in case the said venture is part of the internal IIITD Incubation structure, or has organically evolved and grown at the Institute, uses its current or past students for its R&D /IP/Technology Commercialization. Thus a total of 6 years in entire service length in case the entrepreneurial activity is connected to the Institute as described above. Otherwise, the max period will remain to 4 years.

Service benefits during the leave period:

The service benefits for the duration of the availed Entrepreneurship leave, as defined and approved separately, may continue to be extended to the faculty by the Institute. The allotted Institute accommodation, if any, can be retained (by paying the license fee only) for the first three months of each instance of availing Entrepreneurship leave, beyond three months it can be retained by paying the applicable commercial rent (equivalent to the HRA amount or as announced by the Institute from time to time).

Proposal or document to be submitted with the Entrepreneurship leave request:

The proposal on the Entrepreneurial venture/indulgence needs to be submitted along with the leave request. The Intellectual Propriety (IP) associated with such a venture need not to be necessarily aligned to the objectives and goals of the Institute, however, Institute will promote ventures/attempts so aligned. The faculty should ensure that participation in the entrepreneurial activity will not affect adversely his/her teaching and research at the Institute on his/her return after availing the leave.

Any exception in the aforesaid mentioned part of the policy or the policy already defined for Long leave (EoL) can be made at the level of the Director as his/her discretion depending on the situation.
